

Alternative Concept 2

- Provide residents of the Metropolitan Washington Area with a wide range of passive and active recreation opportunities
- Make available facilities to support large-scale regional recreation events with concentrated visitor use within three park subareas: Poplar Point, Fairlawn/Twining, and Kenilworth Park
- Also provide smaller scale facilities to meet demand for sports league play, small group special events, and individuals seeking outdoor recreation and nature-based recreation in the City
- Make available enhanced opportunities for environmental education involving local school groups and special programs for youth

ANACOSTIA PARK

GENERAL MANAGEMENT PLAN

ALTERNATIVE 2

Environmental Protection Zones

- Riparian Forest and Wetland Protection
- Ecosystem Restoration
- Highway Buffer
- Riparian Edge (seawall rehabilitation)
- Riparian Edge (bioengineered edge)
- Riparian Edge (bulkhead)
- Riparian Edge (no treatment)

Passive Recreation Zones

- Natural Area Exploration
- Waterfront Recreation

Active Recreation Zones

- Regional Recreation (to be managed by others)
- Neighborhood Recreation
- Sports Play
- Golf Course
- Recreational Boating

Heritage and Environmental Education Zones

- Grand Waterfront Park
- Environmental Education
- Memorial
- Decorative Park

Access and Circulation Zones

- Gateway
- Park Road
- Riverwalk Trail
- Waterfront Promenade
- River Access
- Transit Center

Special Function Zones

- Special Permitted Lands
- Municipal Infrastructure

Administration Zones

- Administration

Potential Boundary Modifications

- Potential Land Disposition
- Potential Land Acquisition
